Looking to the hot & dry weather , it is advised to arrange clean , cool water sufficiently for cattle and poultry birds.

General Advisory:

Looking to the hot & dry weather , it is advised to arrange clean , cool water sufficiently for cattle and poultry birds.

SMS Advisory:

No rainfall is predicted in the next few days . Spraying, fertilizer application, harvesting etc may be done.

Crop Specific Advisory:

Crop (Stage)	Crop Specific Advisory
RICE	There is a chance of brown spot of rice. Spraying the seedlings with hexaconazole @ 1.5 ml/lit of water in case of brown colored spots on leaves. Apply weedicide pretilachlor or butachlor within 5 days of transplanting. For preventing stemborer attack or any borer attack apply cartap hydrochloride @ 3kg per bigha. For better result follow community spraying. Control weed at regular interval.

Horticulture Specific Advisory:

Horticulture (Stage)	Horticulture Specific Advisory
MANGO	During flowering , proper mango tree care focuses on managing nutrients, particularly by reducing nitrogen and increasing phosphorus and potassium to promote flower development, providing adequate water, avoiding excessive pesticide use to protect pollinators and monitoring for pests like Mango Hopper that may damage flowers while ensuring the tree receives enough sunlight and appropriate temperature condition. Apply 25 kg FYM, 500 gm Nitrogen and 1 kg of Phosphoras and Potash/ tree in ring basin. To prevent fruit drop in Mango , spray NAA 2times at 7-10 days interval. Spray 0.2% Boric acid once foliar application.

Likely impacts of weather warnings (General)

Looking to the hot & dry weather , it is advised to arrange clean , cool water sufficiently for cattle and poultry birds.

Impact based advisories (General)

Looking to the hot & dry weather , it is advised to arrange clean , cool water sufficiently for cattle and poultry birds.

Farmers are advised to download Unified Mausam and "Meghdoot" android application on mobile for Weather forecast and weather based Agromet Advisories and "Damini" android application for forecast of Thunderstorm and lightening.
