Registrar's Central Purchase Section

NOTICE INVITING E-TENDER (NIET)

RE-TENDER

Tender Ref. No.: **BCKV/CL/NIET/ETD/ICAR/2018-19/01(R)**, Dated: **27/02/2019**

Tender ID : 2019_BCKV_220524_1

Online E-Tender is invited for Digitization, Archiving, and Preservation of theses and dissertations of Bidhan Chandra Krishi Viswavidyalaya, West Bengal- 741252 from the eligible vendors/firms/agencies. Interested vendors/firms/agencies may follow the instructions as given below for submission of their tenders through online mode.

1) Scope of the work :

Under this project the University intends to digitize the scholarly works, i.e. theses and dissertations that exist in print format by adopting turn-key solutions and the best practices of digitization for long-term preservation via Microfilming, DVDs/external hard disk storage. The theses and dissertations will have to be digitized, archived, and preserved for posterity and hosted on ICAR-Krishikosh platform along with hosting on the international curated ETD platform. The platform should also have the provision to contribute ETDs in future on the same platform. Offers are initiated from the turnkey solution providers who are leaders in the field of digitization and archiving of ETDs with microfilming having experience of over 10 years in digitization, preservation and hosting only. The company should have core domain and technology expertise globally for ETD platforms and should have undertaken and executed projects for universities/institutes in India and the world, including institutes of national importance in India.

The solution providers also need to capture and create metadata for each thesis and dissertation as per ICAR-Krishikosh and international archiving standards. The project will be executed onsite and all software and manpower to carry out the work are to be arranged by the agency at their own cost. And post digitization and archiving, the solution provider should upload the final digitized data on ICAR-Krishikosh, and the international ETD platform and provide training to the library staff on access, control and future uploading of ETDs on the platforms. The firm must also transfer the final work in Hard disks to the university.

2)The job details are given below:

1. Paper scanning of theses (Approx. 5000 theses/dissertation)and other documents.
2. Creation of metadata for each thesis as per ICAR-krishikosh&international archiving standards.
3. OCR conversion for full text searchable PDFs.
4. Long-term preservation via microfilming, DVD/Hard disk storage.
5. Preparation of MARC records for all documents.
6. Careful/special handling may require for bound or unbound documents to be scanned.
7. Microfilming of theses for long term preservation.
8. Digitized documents to be uploaded on ICAR-Krishikosh as per ICAR specifications and ETD as well.
9. Provision of hosting/uploading/accommodating 'Digitized Theses' on International ETD platform (not open access) that provides embargo options on the full text and consists of content in full text contributed from other leading Universities and institutes in India and globally with royalty benefits. The platform should also have the provision to contribute ETDs in future on the same platform with embargo options on full text.

3)Eligibility for Quoting:

- i. The details of 'similar work' executed at least 10-12 central / state universities / Institute with national importance in India with documentary proof are to be furnished.
- ii. The solution provider/firm should have executed or executing at least 2/3 Shodhganga or Krishikosh project with installation & uploading in local Institutional Repository project and must furnish the purchase order/ work order copy and invoices to be enclosed with technical bid.
- iii. The solution provider/firm should furnish minimum one each testimonial/completion certificate for aINFLIBNET-Shodhganga or ICAR-Krishikosh project from an agricultural University in India.
- iv. One letter to be submitted from the solution provider/firm end with showing one sample microfilm or microfiche to the University Central Library BCKV as part of their participation in bidding process before last date of tender. Those who are fail to do so, their financial bid not to be considered. The letter should have clearly written that the firm has enough experience in making of microfilming process over ETD and they will provide the solutions for long time preservation for the same.
- v. Those who are experienced in Scanning/Digitization work of other Universities/institutes especially in administrative records such as examination, finance, library books/journal etc. are not to be considered as eligible for quoting as 'similar work' as mentioned above in 3(i). This BoQ is only dealt with for 'Digitization, Archiving, and Preservation for Theses and Dissertations' work. Those who are experienced only in 'Digitization, Archiving, and Preservation for theses and dissertations' in Universities / other institute with national importance are only to be considered as eligible.
- vi. The theses/dissertations can be unbound if required but must be rebound in the same format without any damage to the document. The university reserves the right to penalize the firm/agency if any thesis/dissertation is/are found to be damaged.

- vii. If satisfactory service is not provided by the firm/agency contract may be terminated at proportionate payment.
- viii. The output should be of acceptable readability, reasonable accuracy, consistent in term of tone and colour reproduction and use neutral common rendering for all images.
- ix. The documents to be digitized may be checked during all the working days.
- x. Turnkey solution providers are only invited who are working in the field of digitization and archiving of ETDs having experience of over 10 years in digitization, preservation and hosting only.
- xi. The solution provider/firm should have an annual turnover of more than 25 lacs for the last 5 years. Balance sheets to be enclosed as part of the technical bid.
- xii. Firm must also show documentary evidence of publishing the ETDs on the international ETD platform.
- xiii. Firm should have provision to host all the digitized theses & dissertations on international ETD platform (not open access) with existing ETDs from other universities of India and abroad and provide embargo options on the full text. The University reserves the right to verify the authenticity of these documents and references. Documentary evidence of embargo provision in the platform should be submitted.
- xiv. ETD Platform should support future hosting of ETDs with royalty options upon usage from the University and must provide training to the library staff for the same.
- xv. Post digitization, the solution provider/firm should have provision to perform microfilming of the theses and dissertations in order to preserve the material for posterity. The firm must undertake the responsibility of storing and maintaining the microfilms at their own facility on behalf of the university. Contract will be signed after receiving the order copy for the same.
- xvi. The solution provider/firm will must follow ANSI/AIIM standards for preservation via microfilming. Firm has to furnish details on complete microfilming process adopted with details of the existing microfilm facility in the form of photographs and documents.
- xvii. The solution provider/firm should adhere to scanning guidelines as per international standards such as FADGI etc. Details of the international guidelines & scanner specifications to be enclosed as part of technical bid.
- xviii. Firm must perform OCR conversion to ensure full text searchability. Only multiple licensed OCR – SDK software is to be used for text recognition and document processing providing 99% or higher recognition accuracy. Solution provider/firm to furnish minimum 20 OCR - SDK licenses as part of submission.
- xix. The solution provider/firm should enclose all necessary supporting documents showcasing their technical expertise in executing digitization of theses/dissertation projects.

- xx. The scanning work shall be done by the firm onsite, at the university premise. The material to be scanned shall be provided by the library. All software and manpower to carry out the work are to be arranged by the agency at their own cost and post digitization and archiving, the solution provider should transfer the completed work in DVD/Hard disks to the university including uploading in ICAR-krishikosh.
- xxi. The university reserves the right to carry out the capability assessment of the participating organizations and examine the technical strengths and merits of the participating firms. University will award the work to the organization on the basis of merits and is in no way bound to place the order to the lowest quoted party. The university's decision shall be final in this regard.
- xxii. At any stage, during finalisation of the empanelment process, the competent authority of the Institute is free to use any evaluation metrics/weightage or take the help of any consultant, as required in selecting the successful vendor/supplier and all agencies should agree to abide by it.

4) Technical Requirements:

- i. The thesis to be converted in requisite format will be provided in hard bound volumes.
- ii. The theses can be unbound if required, and must be rebound in the same condition without any damage to the material. The university reserves the right to penalize the firm if any theses are found to be damaged after binding.
- iii. The output should be of acceptable readability, reasonable accuracy, consistent in term of tone and color reproduction and use neutral common rendering for all images.
- iv. The scanner(s) should have minimum of 300 dpi (dot per inch) optical responses or resolutions with [Bit depths: Bit, not less than 8-bit Grayscale, or 24-bit Color (True color)]
- v. The scanners should have a minimum output of 10,000 pages per day. Scanner specifications need to be enclosed.
- vi. Image Enhancement – Basic Enhancement Raster cleaning, De-skew, De-Speckle Cropping & hole removal etc., to be carried out on each images for optimum images clarity.
- vii. The scanning specifications for text support - the production of a scan that can be reproduced as a legible at the same size as the original (at 1:1, the smallest significant character should be legible).
- viii. The final scanned copy in PDF should be legible, with completeness, image quality (tonality and color), and the ability to reproduce pages in their correct (original) sequence.
- ix. The firm will have to furnish the entire process of microfilming that will be followed by them.
- x. Digital images should be created to a quality level that will facilitate OCR conversion to a specified accuracy level. This should not, however, compromise the quality of the images to meet the quality index.
- xi. The digitized images to be converted to searchable PDF format. The layout of the page should be retained. Only licensed OCR-SDK software is to be used and firm will be required to furnish a minimum of 20 OCR SDK licenses.
- xii. A file-naming scheme database - should be established prior to capture. The same will be provided by the library.
- xiii. A backup of the master files should be provided in External DVDs/external DVDs/external hard disk to the university.
- xiv. The metadata for each thesis should be OAI-PMH compliant, created using international archival standards for inclusion into ETD as well as ICAR-Krishikosh.

Very Important Note: Submission of the tender by the firm implies that he has read this notice and all other contract documents and has made himself aware of the scope and specifications of the work to be done and of conditions and other factors bearing on the execution of the works

5) Submission of Tenders:

i) General process of submission

Tenders are to be submitted online through the website <http://wbtenders.gov.in>. All the documents uploaded by the 'Tender Inviting Authority' form an integral part of the contract. Tenderers are required to upload all the tender documents along with the other documents, as asked for in the tender, through the above website within the stipulated date and time as given in the Tender. Tenders are to be submitted in two folders at a time, one is Technical Bid and the other is Financial Bid. The tenderer shall carefully go through the documents and prepare the required documents and upload the scanned documents of originals in Portable Document Format (PDF) to the portal in the designated locations/folders of Technical Bid. He needs to fill up the BOQ in the designated cell and upload the same in designated location of Financial Bid. The documents uploaded are virus scanned and digitally signed using the Digital Signature Certificate (DSC). Tenderers should specially take note of all the addendum/corrigendum related to the tender till the bid submission ends. Tenderers should in general upload the latest documents as part of the tender, however, in case of failure in uploading such documents, it will be deemed that they (tenderers) have taken note of such latest documents including addendum/corrigendum, if published till the bid submission ends.

ii). Technical Bid:

The Technical Bid should contain scanned copies and/or declarations in the following standardised formats in two covers (folders):

iii) EMD: Vendors are required to pay the requisite amount of Rs. 15000.00 (Rupees fifteen thousand) only as EMD draft as specified against their quotation. Scanned copy of the demand draft must be uploaded as supporting document during submission of e-tender. Without EMD quotations bids will not be considered for technical or financial comparison. Draft must be in favour of 'Bidhan Chandra Krishi Viswavidyalaya' payable at Kalyani (IFSC: SBIN0001082). EMD exemption certificate must be attached, if any.

In case of re-tender those who bid earlier / if they wish to apply again the demand draft is valid if the said draft not completed 3 months banking restriction.
